“The Chloe Skirt”

Ladies Sizes 00 to 32

Formatted for both
US Letter & A4 Paper

Trimless Option: This is the fastest! No trimming needed! Place left-side margins over right-side margins, overlapping dashed lines and dots. In the same fashion, top margins will overlap bottom margins. Slight unprinted gaps are normal for this method.

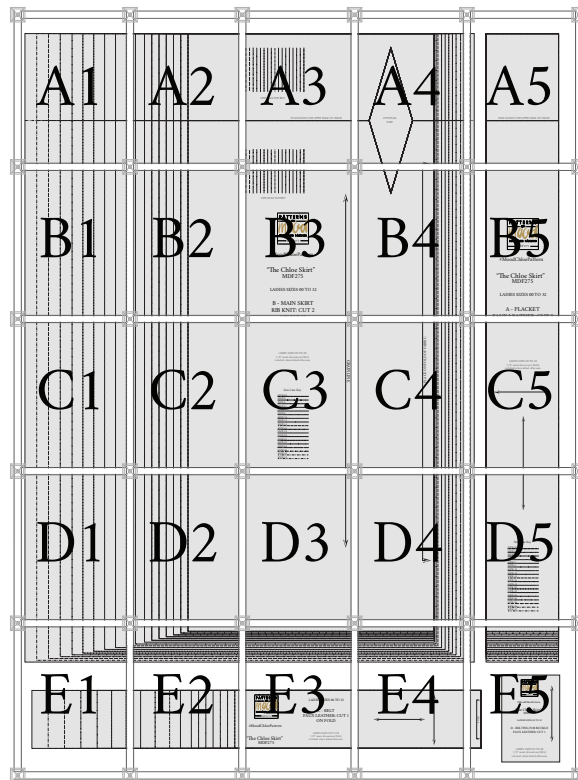

Trimmed Option: This removes any unprinted gaps. Trim along the top and right margins at the dashed lines. Overlap the trimmed margins to the untrimmed margins, matching dashed lines and dots.

Tip! Build rows first, then join the rows together as you go.

Fitting notes: *Waist and Hips are measured with garment laying flat with approximately 6" of overlap. Drafted for knit fabrics with generous stretch - the wearing ease will depend on what size you choose and how much your fabric stretches. Note that you may need to add a center back seam depending on what size you choose and how wide your fabric is. The easiest way to evaluate the size is to wrap the fabric around your hips with a comfortable hug and desired front overlap width. The waist will be cinched by the belt.

A5

The image shows a template for an A5 paper. It features a large rectangular area with a solid black border. Inside this area, the text 'A5' is printed in a large, light gray, serif font. Below the text, there is a horizontal line. To the left of the main rectangular area, there are several vertical dashed lines, indicating fold lines. At the corners of the page, there are small circular marks with crosshairs, likely indicating where to punch holes or fold. The overall layout is clean and professional, typical of a technical drawing or a template for a book or document.
