

Convertible Cover

By: Patterns for Pirates

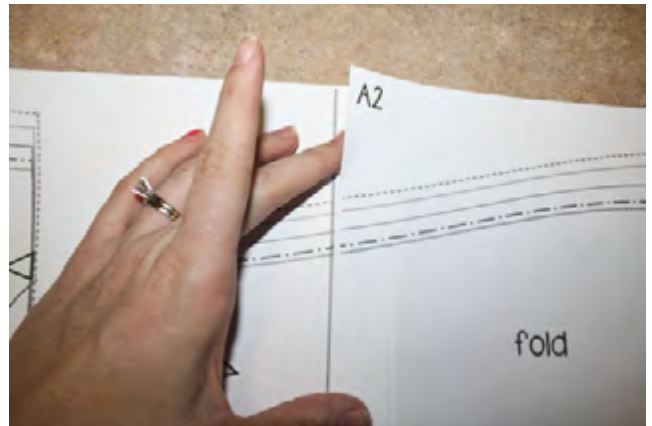

100k

Sale-a-bration

Before you start:

- Read instructions before beginning.
 - I suggest preparing your fabric exactly how you will care for the finished garment- meaning if you're going to machine wash and dry, do it now! It will prevent any shrinkage, color bleeding, and get any nasty chemicals off!
 - When printing the pattern, make sure scale is set to 'none' or 'actual size.' Take your time matching and taping. Carefully measure the 2"x2"/4cm x4cm squares on page A1 to make sure it printed correctly (even if it is off by 1/8" it will change your fit dramatically!)
 - These are NO TRIM pages... just line up edge of paper to dark grey guide line. Here is a video in the [P4P FB group](#) if you need more help: [Video Link](#)
 - You are free to sell products made from the pattern. I would LOVE for you to cite that it is a 'Patterns for Pirates' pattern in your listing!
 - As always, back stitch when starting and ending a seam. Serge or zig zag finish all seams.
 - All seam allowances are 1/2" unless otherwise stated.
- *Need more help? Here is a blog post for beginners with more info: [Blog Link](#)

Supply List:

-Fabric: You MUST use a breathable, lightweight fabric with high stretch. The fabric content is vital- natural fabrics that breathe are needed to keep baby safe and at a safe temperature while in use. I like rayon spandex, modal, and bamboo spandex. You can use a light weight cotton spandex- although I prefer the others over it though personally.

****We care about your baby's safety!****

Please use recommended breathable fabrics. Always remove cover before placing baby into vehicle, never leave baby unattended with cover over them, and always keep cover away from any heat source. If gifting the cover please give safety guidelines to the recipient.

Printing Guide: Pattern Piece - Pages 5-10

Finished Measurements:

Width: 27"

Length: 23"

Fabric Requirements:

	Convertible Cover
Cover	3/4 yard

Construction:

Create a memory hem by pressing top and bottom edge 1" to wrong side.

Unfold for next step.

With right sides together, and memory hems unfolded, stitch along side seam.

Repeat with opposite side seam,
creating a tube

Hem:

Re-press hem if needed 1" to wrong
side.

Stitch along raw, turned up edge with
your favorite stretch stitch along top.
Repeat for bottom edge.

You can now use the convertible cover for a nursing cover up, carseat cover, high chair cover, and shopping cart cover.

All done! :)
